

A CRACKING AUSSIE EASTER CARD

What to do:

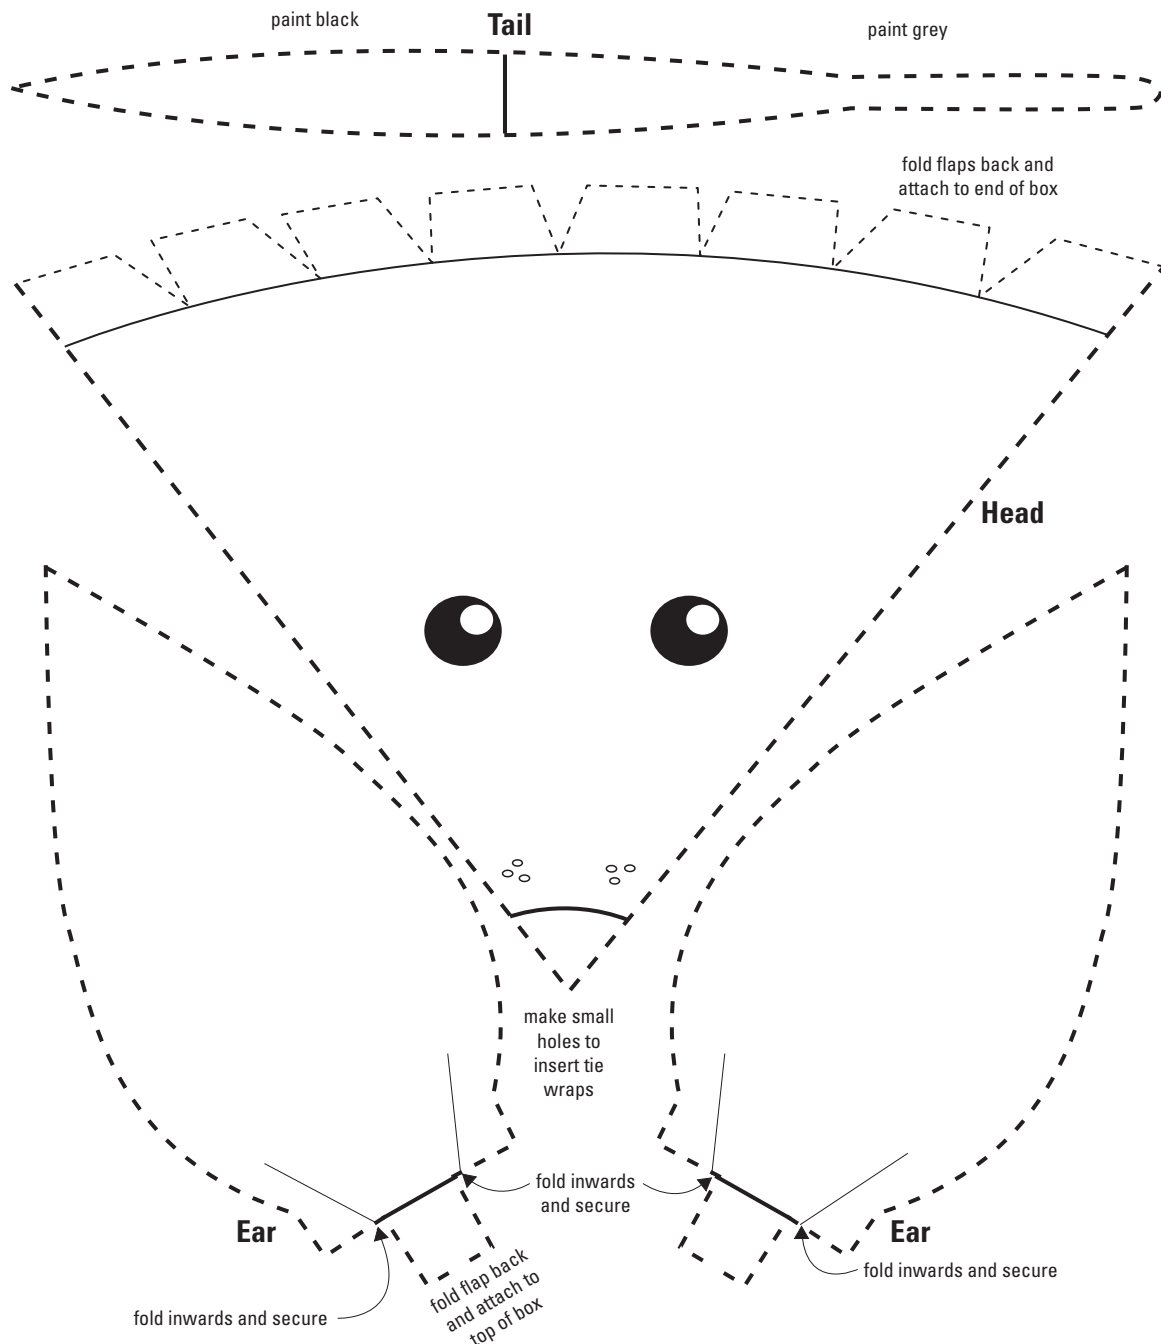

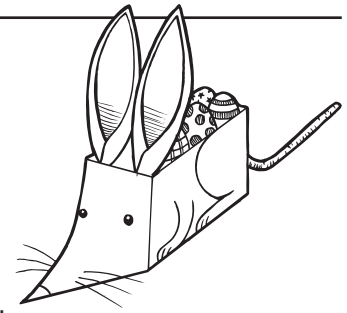

- Draw a 2-cm margin on both long sides of the thin card sheet (landscape).
- Use scissors and a ruler to score both margins and a centre fold (portrait).
- Draw and brightly colour a typical Aussie bush scene, completely covering the card.
- Fold the card in half. Make a 2-cm cut at each end of the fold line, from the edge to the margin.
- Fold each margin and the centre fold so the card stands upright.
- Write an Easter greeting on the visible side of the margin. Secure the margin overlaps.
- Brightly colour the animal pictures and cut out. Fold the tab.
- Make zig-zag folds on the strips of coloured paper.
- Attach the tab on each animal to a strip of paper. Attach other end of strip to upper margin.

MAKE AN EASTER BILBY BASKET

What to do:

- Cut out the top of the tissue box, leaving a 1 1/2 cm border.
- Trace and copy the templates on to thin card.
- Paint the box and templates. Allow to dry.
- Cut out and attach the ears and head as directed.
- Attach the pipe-cleaner to the top end of the tail, leaving 2 cm free.
- Make a small hole in the back of the box and insert the free end of the pipe-cleaner. Bend to secure in place.
- Use the picture of a bilby as a reference to draw hind and front legs on the sides of the box.
- Insert the tie wrap 'whiskers' as indicated.
- Line the basket with shredded paper and add Easter treats.

A CORNER OF A CANDLE HOLDER

The Paschal candle is an important Christian symbol, representing the risen Christ. In churches and in many Christian homes, it remains alight between the feasts of Easter and the Ascension.

1. Tick each box:
 - (a) to check you have all you require to the make the holder, and
 - (b) as you complete each step.

You will need:

- a large candle, about 5 cm diameter
- a large plastic plate
- two self-adhesive velcro™ patches
- chicken wire, about 25 cm square
- two handfuls of pebbles
- a collection of foliage (with flowers) from different native trees
- a collection of nuts and seeds from different native trees

What to do:

- Feed the foliage through the chicken wire, leaving the centre clear to insert the candle.
- Lay chicken wire over plate and fold excess underneath.
- Position candle securely into centre of chicken wire using velcro™ patches to attach it to the plate.
- Place pebbles around base of candle.
- Scatter loose nuts and seeds over the plate.

2. (a) Name the tree(s) from which you took parts for your candle holder.
- (b) Sketch the tree parts you used.
