Here is the Easter bunny.
Make his nose pink.
Colour his tail yellow.
Colour his coat red and blue.
Draw a green bowtie with black dots.
Put three coloured eggs in his basket.
Draw two blue birds in the sky.
Draw a bright yellow sun.

Easter Bunny Problem

Each Easter Bunny needs a coloured coat and bowtie. Their coats can be red, blue or yellow. Their bowties are green, orange or purple. No two bunnies are the same.

How many different coloured bunnies can you colour?
